

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: in view of the applicants' filing of a terminal disclaimer on August 27, 2007, claims 1, 5, 19, 30, 41 and 42 are in condition for allowance. None of the prior art of record or a search in the pertinent art area teaches the pharmaceutical composition of the compounds as claimed herein.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

It is noted that the applicants' filed a Request for Continued Examination on October 30, 2007. However, the RCE has not been entered because it was filed prematurely since the application is not under final and is thus improper.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Brenda L. Coleman whose telephone number is 571-272-0665. The examiner can normally be reached on 9:30-6:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, James O. Wilson can be reached on 571-272-0661. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for
